FOCUS OF THE TRAINING

The LDC is unique to Riding Forward TSA and is designed to unlock leadership potential. Delegates spend two full-days at the Centre and complete a number of activities designed to assess their leadership style and potential. The Leadership Development Centre is suitable for members of staff that you have who are aspiring to a leadership role and will give them a full diagnostic of their strengths and areas for development as a potential leader. It is also suitable for an existing leader who may need support to become more effective in their role.

OUTLINE OF THE TRAINING & DEVELOPMENT PACKAGE

Delegates have their own assessor who guides them through the Centre and assesses their progress.

The delegates have lots of opportunity to work and network with each other in a supportive environment.

At the end of the two-day Centre, delegates are given a detailed report which highlights their strengths and targets to enhance their effectiveness. This includes a 360 degree appraisal and a Myers Briggs Personality Report.

Feedback from delegates who have attended the centre is extremely positive and in many cases life changing in terms of their career.
